ST100

Mounting Frame

Overview

The mounting frame is designed for the setup of experiments in statics, strength of materials and dynamics. It provides a clearly laid-out and user-friendly means of setting up these experiments.

Specifications

- Frame for mounting of experiments in statics, strength of materials and dynamics
- Sturdy sectional steel double frame, meticulously welded.
- Easy and exact mounting of all components by precision clamp fixings
- Stable on laboratory desktops or workbenches
- Frame supplied disassembled

Scope of Delivery

- Mounting Frame (ST100)
- Hard copy user manual

Options

- Digital Content (BI01)
